

# DGPROSHOP IS PROUD TO PRESENTS THE 1ST ANNUAL...

## BENEFITING

Disc Golf is one of the fastest growing recreational activities in today's busy world. Unique in that it can be enjoyed from school age to golden age makes it a great lifetime sport to play. Formalized in the 70's, disc golf shares with ball golf the object of completing each hole in the least amount of strokes... or in this game... least number of throws.

The older player demographics include the majority of competitive events for Amateur and Professional disc golf aficionados to compete with other players of the same skill. But the Junior Disc Golf player makes up that small yet very important percent where the future of disc golf resides. It is also a wellness activity that gets kids and their families outside and moving! Those two reasons are why we want to foster the growth of Junior Disc Golf and we invite you to join us in our endeavor.

Our goal is to grow the sport and grow healthy children and families! That's why we've chosen the Junior Diabetes Research Foundation and the Educational Disc Golf Experience as benefiting partners for this tournament.

The 1st Annual Texas State Disc Golf Junior Championship is scheduled on October 29th, 2016 at Spring Valley Golf & Disc Golf in Spring, Texas. It will be a fun filled commemorative inaugural event and we hope you would like to participate.

**1st  
Annual**
